

TETON COUNTY SEARCH & RESCUE  
**MISSION CRITICAL**

**IN 2022, TETON COUNTY SEARCH & RESCUE USED A HELICOPTER 44 TIMES.**

As backcountry use continues to go up in Teton County, a year-round, SAR-dedicated helicopter empowers TCSAR volunteers to continue to save lives of locals and visitors alike.

**HELI MISSIONS SINCE 2017**

# ALL SYSTEMS GO

Each year, TCSAR's 40 volunteers collectively give more than 10,000 hours back to Jackson Hole, conducting rescues, attending trainings, and holding community events to foster backcountry safety.

Through TCSAR Foundation's outreach and programming, we reach thousands of people every year with insightful conversations about risk, hands-on practical lessons, and backcountry safety education.

**Mission Critical business sponsors support this mission by recognizing that a year-round, SAR-dedicated helicopter helps TCSAR provide the best possible service for our community.**

# THROTTLE UP

BUSINESS  
SPONSOR  
LEVELS

\$500

\$1,000

\$10,000

\$25,000

\$50,000+

# LIFT OFF

All Mission Critical business sponsors receive an official business sponsor badge for display on store fronts, websites, and social media channels. Additional opportunities, such as public and private events and integration into TCSAR-branded collateral, are available based on level of sponsorship.

## THE LANDING ZONE

In order to purchase the helicopter, TCSAR and the Foundation invite you to be part of this unique opportunity. We are currently planning numerous events and programs to join the campaign in 2023. Business partnerships will be integral to this effort as we engage the community in this exciting project.
